

Week 2 – Technical Labs

Journal entries

All-student prompts

All students should reflect on and respond to the following prompt(s):

Prompt 3: *How has your classroom experiences prepared you for the internship? What do you wish you had learned prior to the internship?*

My school experience has helped me prepare for the internship by exposing me on how to work with a group and talk to people easily. Prior to my internship, I wish I knew more technical skills and the learning behind it just because I would probably be less confused when people are talking about specific systems or languages if I had prior knowledge.

Additional Wake County prompts

Students completing the internship program for Wake County schools must also complete the following prompts IN ADDITION to the 'All-student prompts'

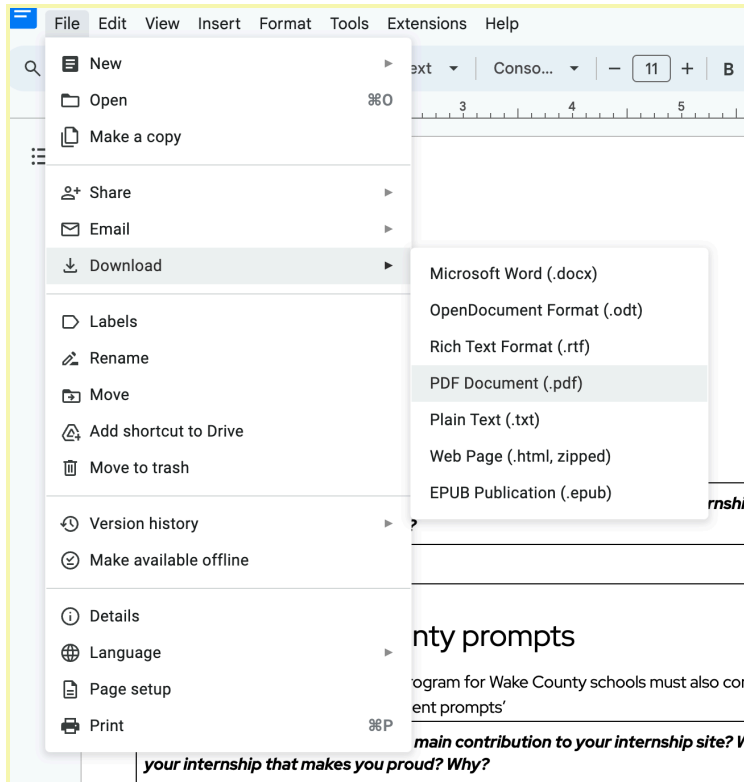

Prompt 4: *What do you feel is your main contribution to your internship site? What have you done at your internship that makes you proud? Why?*

--

Export + contribute your reflection

1. Once you've filled out the above prompts, export this doc as a PDF. Note: make sure you rename the file to be in the format **[Firstname Lastname] Week 2 Journal Entries**

2. Now that you have a PDF of this week's reflections saved locally to your laptop, you should contribute the PDF to your personal GitHub dropbox area in our [shared repo](#).
