Week 3 - All About Data

Journal entries

All-student prompts

All students should reflect on and respond to the following prompt(s):

Prompt 5: *How is the internship meeting or not meeting your expectations/objectives and why? Do you have control of this? Explain.*
The internship has met my expectations, I have been able to learn so much about tech that I didn't know before and I have been able to expand my professional development and connections which was one of my goals to get out of this internship.

Prompt 6: *How has this experience affected or changed your career/college plans?*
Being exposed to a setting where I can learn about the careers of other people has helped me extremely with getting to know what I want to do. But, I think the most helpful part has been being able to observe my own behaviors and the type of person I am socially through workshops. I've learned I love to connect with people socially which is why a client facing role in the future is what I want to pursue, especially in finance

Additional Wake County prompts

Students completing the internship program for Wake County schools must also complete the following prompts IN ADDITION to the 'All-student prompts'
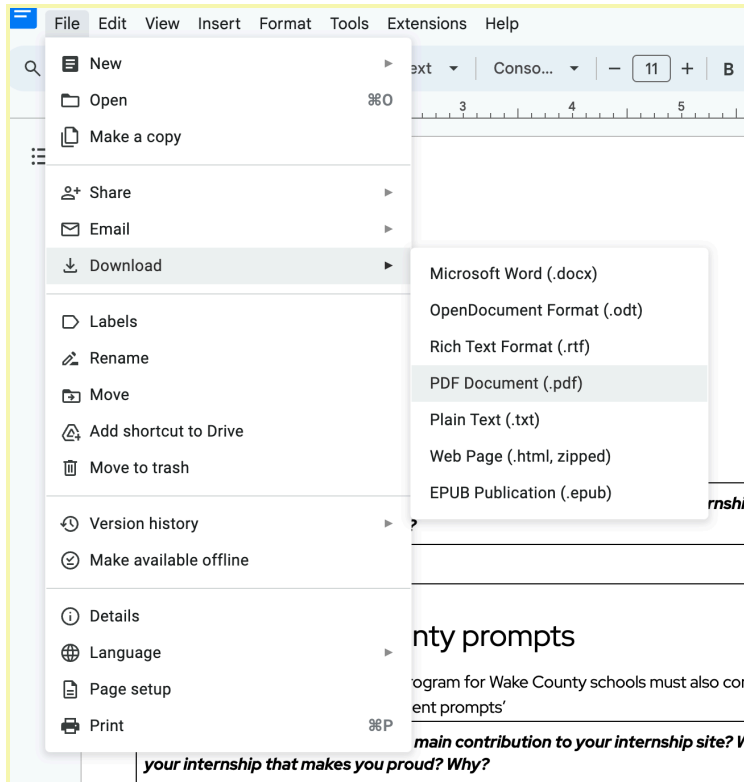

Prompt 7: *How have your duties changed since you first started? Have you been given more responsibility?*
Add your response here

Export + contribute your reflection

1. Once you've filled out the above prompts, export this doc as a PDF. Note: make sure you rename the file to be in the format `[Firstname Lastname] Week 3 Journal Entries`

2. Now that you have a PDF of this week's reflections saved locally to your laptop, you should contribute the PDF to your personal GitHub dropbox area in our shared repo.
